Board of Commissioners
Matlacha/Pine Island Fire Control District
Bokeelia, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Matlacha/Pine Island Fire Control District (the District), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2020, and the respective changes in financial position and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8, schedule of changes in the District's total OPEB liability and related ratios on page 42, the schedules of the District's proportionate share of net pension liability and the schedules of District's contributions on pages 43 through 46, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

This discussion and analysis of the Matlacha/Pine Island Fire Control District (the District) financial statements is designed to introduce the basic financial statements and provide an analytical overview of the District's financial activities for the fiscal year ended September 30, 2020. The basic financial statements are comprised of the government-wide financial statements, governmental fund financial statements, and notes. We hope this will assist readers in identifying significant financial issues and changes in the District's financial position.

District Highlights

- At the close of fiscal year 2020, the District's assets and deferred outflows exceeded its liabilities and deferred inflows, resulting in net position of \$3,297,425.
- The District's total net position increased \$59,813 or 1.8%, in comparison to the prior year.
- Total revenues increased \$391,469 or 6.5%, in comparison to the prior year.
- Total expenses increased \$701,800 or 12.3%, in comparison to the prior year.
- At the close of fiscal year 2020, governmental funds reported ending fund balance of \$4,981,705, an increase of \$559,289 as compared to beginning fund balance. \$2,646,778 of the fund balance is available for spending at the District's discretion (unassigned fund balance).

Government – Wide Financial Statements

Government-wide financial statements (statement of net position and statement of activities) found on page 9 and 10 are intended to allow a reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. Government-wide financial statements concentrate on the District as a whole and do not emphasize fund types.

The statement of net position (page 9) presents information on all of the District's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, with the difference being reported as net position. The District's capital assets (property, plant, and equipment) are included in this statement and reported net of their accumulated depreciation.

The statement of activities (page 10) presents revenue and expense information showing how the District's net position changed during the fiscal year. Both statements are measured and reported using the economic resource measurement focus (revenues and expenses) and the accrual basis of accounting (revenue recognized when earned and expense recognized when a liability is incurred).

Governmental Fund Financial Statements

The District accounts for its services in as governmental funds. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. Governmental funds are used to account for the sources, uses, and balances of a government's expendable government financial resources (and the current liabilities). The main focus is on how money flows into and out of the funds and the balances left at year-end that are available for spending. The District uses a General Fund and a Capital Projects Fund. The General Fund is the general operating fund. All general tax revenues and budgeted debt proceeds are accounted for in this fund. From this fund, all general operating expenditures and budgeted capital expenditures are paid. The Capital Projects Fund is used to account for debt proceeds specific to the construction of an additional fire station and the equipment related to that construction.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The governmental fund financial statements, found on pages 11 and 13, are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets.

Notes to the Financial Statements

The notes to the financial statements explain in detail some of the data contained in the preceding statements and begin on page 16. These notes are essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

The government-wide financial statements were designed so that the user could determine if the District is in a better or worse financial condition from the prior year.

The following is a condensed summary of net position for the District for fiscal years 2020 and 2019:

	2020	2019
ASSETS		
Current and Other Assets	\$ 5,238,435	\$ 4,904,653
Capital Assets	6,607,147	6,464,443
Total Assets	11,845,582	11,369,096
 DEFERRED OUTFLOWS OF RESOURCES		
Deferred Amount Related to Pensions	2,258,168	1,777,767
Deferred Amount Related to OPEB	13,889	15,659
Total Deferred Outflows of Resources	2,272,057	1,793,426
 LIABILITIES		
Current Liabilities	583,264	770,450
Noncurrent Liabilities	9,987,058	8,629,652
Total Liabilities	10,570,322	9,400,102
 DEFERRED INFLOWS OF RESOURCES		
Deferred Amount Related to Pensions	143,750	507,200
Deferred Amount Related to OPEB	106,142	17,608
Total Deferred Inflows of Resources	249,892	524,808
 NET POSITION		
Net Investment in Capital Assets	3,930,293	3,670,557
Restricted	98,371	84,248
Unrestricted	(731,239)	(517,193)
Total Net Position	\$ 3,297,425	\$ 3,237,612

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

Net investment in capital assets is comprised of land, buildings, improvements, equipment, furniture, and vehicles, net of accumulated depreciation, and the outstanding related debt used to acquire the assets. The unrestricted net position balance of (\$731,239) represents the difference between the District's total net position and the amount invested in capital assets and restricted for capital outlay. The unfavorable change to unrestricted net position is due to the District's acquisition of capital assets and increases in expenses. The capital asset acquisition and expense increases are offset by increases in property tax revenues resulting from property valuation increases based on market conditions as well as new construction added to the rolls.

The following schedule reports the revenues, expenses, and changes in net position (activities) for the District for the fiscal years 2020 and 2019:

	<u>2020</u>	<u>2019</u>
REVENUES		
General Revenues		
Property Taxes	\$ 6,155,960	\$ 5,855,321
Miscellaneous:		
Impact Fees	41,594	41,529
Investment Earnings	57,149	81,269
Donations from Private Sources	45	5,907
Other	67,185	57,114
Program Revenues:		
Operating grants	-	-
Intergovernmental Capital Grant	125,185	15,143
Charges for Services	2,933	2,299
Total Revenues	<u>6,450,051</u>	<u>6,058,582</u>
EXPENSES		
Public Safety - Fire Control:		
Personal Services	5,144,827	4,496,953
Operating Expenditures	804,365	826,146
Interest	117,639	124,836
Depreciation	323,407	240,503
Total Program Expenses	<u>6,390,238</u>	<u>5,688,438</u>
INCREASE IN NET POSITION	59,813	370,144
Net Position - Beginning	<u>3,237,612</u>	<u>2,867,468</u>
NET POSITION - ENDING	<u>\$ 3,297,425</u>	<u>\$ 3,237,612</u>

Property tax revenue increased over the prior year by \$300,639 or 5.1% due to an increase in property values and the addition of new construction to the tax rolls.

Total expenses increased \$701,800 or 12.3% in comparison to the prior year primarily due to the budgeted increase in personnel services expenses for the second year of the STEP compensation plan pursuant to the three-year collective bargaining agreement ratified in August 2018. Additionally, depreciation expense increased due to the completion of the building at Station 4.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

The following charts compare the change in property value and growth in millage rates for the past five years:

Governmental Funds

The focus on the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of government's net resources available for spending at the end of a fiscal year.

The general fund is the chief operating fund of the District.

At the end of the fiscal year, the general fund reported ending fund balance of \$4,798,430, an increase of \$604,064 or 14.4% from the previous year. Unassigned fund balance is \$2,646,778, or 55.2% of total fund balance.

During fiscal year 2020, the District's financial condition continued to improve. This is evidenced by the increase in the general fund's fund balance in the amount of \$604,064. Tax revenues increased due to the 3.6% market value increase in taxable property values and the addition of \$27,995,473 of new construction to the tax rolls.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

The Capital Projects fund is used to account for capital expenditures related to the purchases of equipment and construction expenditures.

Budgetary Highlights

The District adopts an annual budget for the general fund as required by Florida Statute. The difference between the final budgeted expenditures and actual expenditures represents a favorable variance of \$948,167 or 14.0%.

Budget versus actual comparison for the general fund can be found on page 15.

Capital Assets

Nondepreciable capital assets include land, construction in progress, and work in progress. Depreciable assets include buildings, improvements other than buildings, office equipment, machinery and equipment, and vehicles.

The following is a schedule of the District's capital assets for the fiscal years 2020 and 2019:

	2020	2019
CAPITAL ASSETS		
Land	\$ 918,381	\$ 918,381
Construction in Progress	302,168	2,264,259
Work In Progress - Fire Rescue Boat	-	70,850
Total Capital Assets Not being Depreciated	1,220,549	3,253,490
Fire and Rescue Equipment	534,062	536,182
Buildings	5,690,996	3,437,993
Fire and Rescue Vehicles	1,813,924	1,600,098
Pagers and Radios	195,414	195,414
Furniture, Fixtures, and Equipment	150,382	125,821
Total Capital Assets being Depreciated	8,384,778	5,895,508
ACCUMULATED DEPRECIATION		
Fire and Rescue Equipment	(339,566)	(297,185)
Buildings	(1,418,751)	(1,277,770)
Fire and Rescue Vehicles	(1,022,353)	(912,827)

Furniture, Fixtures, and Equipment	(98,081)	(93,514)
Total Accumulated Depreciation	(2,998,180)	(2,684,555)
Total Capital Assets being Depreciated, Net	5,386,598	3,210,953
CAPITAL ASSETS, NET	\$ 6,607,147	\$ 6,464,443

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)**

Debt Administration

The following is a schedule of the District's outstanding debt at September 30:

	<u>2020</u>	<u>2019</u>
Capital Lease Payable	<u>\$ 2,885,034</u>	<u>\$ 3,052,869</u>

Additional information on the District's debt can be found in Note 6 on page 24.

Economic Factors and Next Year's Budget Rates

The following factors were used in the preparation of the fiscal year 2021 budget to continue to improve the financial condition of the District while being responsible to the taxpayers by recognizing that COVID-19 was having an economic impact on the District taxpayers:

- The District reduced its levied tax rate from 3.7500 mills to 3.5500 mills for the fiscal year 2021 budget.
- Ad valorem tax revenue remained relatively constant as compared to the prior year due to the 3.92% increase in market values of existing properties and the addition of \$28,106,479 in new construction to the tax rolls.
- Personal services were budgeted to increase by \$104,802 or 2.3% for the third year of the three-year collective bargaining agreement ratified in August 2018.
- Operating expenditures were budgeted to decrease by \$956 or -0.1%.
- Capital outlay was budgeted to decrease by \$417,500 or -53.9% due to the completion of major projects during fiscal year 2020.
- Debt service expenditures were budgeted to decrease by \$13,841 or -4.6% because the anticipated debt issuance during fiscal year 2020 was not needed.

YEAR ENDED SEPTEMBER 30, 2020**

Net Changes in Fund Balance - Governmental Funds \$ 559,289

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental Funds report capital outlay as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as Depreciation Expense. Transactions involving Capital Assets are summarized below.

Expenditures for Capital Assets	\$	466,676	
Depreciation Expense		(323,407)	
Loss on Disposal of Capital Assets		(564)	
Subtotal			142,705

Certain operating expenditures for future periods recognized on the Statement of Revenues, Expenditures and Changes in Fund Balances but not on the Statement of Activities. This amount represents the change in prepaid expenses. (8,025)

Certain expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Change in Compensated Absences		(4,761)	
Change in Accrued Interest Payable		4,338	
Subtotal			(423)

Issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect on net position.

Capital Lease Proceeds		-	
Capital Lease Payments		167,835	
Subtotal			167,835

Net change in the total OPEB liability and related deferred amounts is reported in the government-wide statements, but not in the governmental fund statements. (9,229)

Net change in the net pension liability and related deferred amounts is reported in the government-wide statements, but not in the governmental fund statements. (792,339)

Change in Net Position of Governmental Activities	\$	59,813

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Defining the Governmental Reporting Entity

The Matlacha/Pine Island Fire Control District (the District) is an independent special district of the state of Florida. The District was established by act of the Florida legislature dated July 10, 1963, as Chapter 63-1558, Laws of Florida, and as repealed and replaced by Chapter 2000-396 Laws of Florida, on May 22, 2000. The business and affairs of the District are governed by an elected Board of Commissioners, which consists of five members and operates under state statutes. The Commissioners serve on a staggered four-year term basis.

The District provides fire control and protection services, fire safety inspections, and rescue services to the District's incorporated land area. In providing these services, the District operates and maintains three station houses and their related equipment, and employs 36 full-time employees, including 32 professional firefighters.

In evaluating the District as a reporting entity, management considered all potential component units in accordance with applicable Governmental Accounting Standards Board Statements (GASBS). A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. Management reviewed all of the financial accountability concepts and determined that there are no component units required to be included in the District's financial statements.

Basic Financial Statements

The government-wide financial statements consist of a statement of net position and a statement of activities that report information about the District as a whole. The statement of net position reports all financial and capital resources.

The statement of activities demonstrates the degree to which the direct expenses of the District's program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) grants and contributions that are restricted to capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are presented to report additional and detailed information about the District. Fund financial statements accompany the government-wide financial statements and present a summary reconciliation to explain differences between the data reported in the governmental funds and the data reported for the corresponding governmental activities in the government-wide financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when such liabilities have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Ad valorem property taxes are recorded as revenues in the fiscal year in which the taxes are due and collected within 60 days of fiscal year-end. Investment earnings are recognized when earned. All other sources of revenues are recognized when they become measurable and available to finance expenditures of the fiscal period. Generally, revenues are considered available when they are collected within the current period or within 60 days after the end of the fiscal year.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds, based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District reports the following major governmental funds:

General Fund

The General Fund is the general operating fund of the District. All financial resources, which are not specifically restricted or designated as to use, are recorded in the General Fund.

Capital Projects Fund

The Capital Projects Fund is used to account for the accumulation of resources that are restricted, committed, or assigned to expenditure for the construction and equipping of the District's Fire Station 4.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported only in the government-wide financial statements. Capital assets are those acquired for general government purposes with an initial, individual cost equal to or more than \$1,000 and an estimated useful life of more than one year.

Such assets are recorded at historical cost if purchased or constructed. Donated assets are recorded at their estimated acquisition value at the date of the donation.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	
Building	20 to 40 Years
Fire and Rescue Vehicles	5 to 15 Years
Fire and Rescue Equipment	5 to 7 Years
Furniture, Fixtures, and Equipment	5 to 7 Years
Pagers and Radios	5 to 7 Years

Budgets and Budgetary Accounting

The following procedures are used by the District in establishing the budgetary data reflected in the financial statements:

1. During the summer of each year, the District Fire Chief submits to the Board of Commissioners a proposed general fund-operating budget for the fiscal year commencing on the upcoming first day of October. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayers' comments.
3. The budget is adopted by approval of the Board of Commissioners.
4. Budget transfers cannot be made between expenditure accounts without approval of the Board of Commissioners.
5. Budget amounts, as shown in these financial statements, are as originally adopted or as amended by the Board of Commissioners.
6. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Budgeted appropriations lapse at year-end.
7. The level of control for appropriations is exercised at the fund level. There were four supplemental appropriations made during the year ended September 30, 2020.
8. A budget was not adopted for the capital projects fund.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred outflows of resources reported in the District's statement of net position represent pension related amounts and other postemployment benefit (OPEB) related amounts. These amounts, except for contributions made after the measurement date, will be recognized as increases in pension expense and OPEB expense in future years.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflows of resources reported in the District's statement of net position represent pension related amounts and OPEB related amounts. These amounts will be recognized as reductions in expense in future years.

Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) and additions to/deductions from FRS's and HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and HIS plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds of employee contributions are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits (OPEB)

In the government-wide statement of net position, a liability is recognized for the District's total OPEB liability as determined by an actuarial review of the health care coverage purchased by retirees to continue participation in the District's health plan. The District does not subsidize the retirees' premium cost. OPEB expense is recognized immediately for changes in the OPEB liability resulting from current year service cost, interest on the total OPEB liability and changes of benefit terms or actuarial assumptions.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impact Fees

The District receives impact fees in accordance with an interlocal agreement with Lee County, Florida. Impact fees collected by Lee County are remitted on a quarterly basis to the District. The District, with prior approval from Lee County, may expend amounts collected on qualifying expenditures. Funds received that are not expended within 20 years must be refunded. Because of the eligibility requirements imposed in the agreement, (1) prior approval before expenditure and (2) refund if not expended, the District records receipts of funds as restricted cash. During the current fiscal year, the District recognized \$41,594 in impact fees. Restricted cash and restricted due from other governments presented in the accompanying financial statements related to impact fees totaled \$98,371 at September 30, 2020. This amount is also reflected as a restriction of net position.

Fund Balance

In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported in five components: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable Fund Balance – Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact. There was no nonspendable fund balance at September 30, 2020.

Restricted Fund Balance – Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the District’s Board of Commissioners, the District’s highest level of decision-making authority. Commitments may be changed or lifted only by the Board of Commissioners taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned Fund Balance – Includes spendable fund balance amounts established by the administration of the District that are intended to be used for specific purposes that are considered neither restricted nor committed.

MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (Continued)

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been restricted, committed, or assigned to specific purposes within the general fund. Unassigned fund balance may also include negative balances for the general fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District expends restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the District would first use committed fund balance, followed by assigned fund balance, and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Minimum Fund Balance Policy

Unassigned fund balance is the residual classification for the general fund and represents fund balance that has not been restricted, committed, or assigned to specific purposes within the general fund.

The District's fund balance policy states that annually, if prior committed or assigned fund balances cause the unassigned fund balance to fall below 17% of general fund operating expenditures, the Fire Chief will notify the Board of Commissioners in order for the necessary action to be taken to restore the unassigned fund balance to 17% of the general fund operating expenditures.

Compensated Absences

It is the District's policy to permit employees to accumulate a limited amount of earned but unused vacation and sick leave, which will be paid upon separation of service. Vacation and sick leave are accrued as a liability when benefits are earned by the employees, that is, the employees have rendered services that give rise to the liability and it is probable that the District will compensate the employees in some manner, e.g., in cash or in paid time-off, now or upon termination or retirement. The liability is recognized at the government-wide level when the benefits are earned by employees.

For governmental funds, reporting a fund liability and expenditures for compensated absences is recognized as payments come due each period upon the occurrence of relevant events, such as employee resignations or retirements.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the government-wide financial statements. The District has elected to treat these items under the purchase method for the governmental fund financial statements. As such, the costs are recognized immediately as expenditures when paid.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenue and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 CASH AND CASH EQUIVALENTS

As of September 30, 2020, the District's cash was as follows:

Deposits with Financial Institutions	\$ 4,956,551
Cash with Escrow Agents	208,159
Cash on Hand	4
Total	<u>\$ 5,164,714</u>

Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. In accordance with its policy, all District depositories are banks designated by the Florida Chief Financial Officer as qualified public depositories. Chapter 280 of the Florida Statutes, "Florida Security for Public Deposits Act," provides procedures for public depositories to ensure public monies in banks and savings and loans are collateralized with the Florida Chief Financial Officer as agent for the public entities. Chapter 280 defines deposits as demand deposit accounts, time deposit accounts, and nonnegotiable certificates of deposit.

Financial institutions qualifying as public depositories shall deposit with the Florida Chief Financial Officer eligible collateral at the pledging level required pursuant to Chapter 280. The Florida Security for Public Deposits Act has a procedure for the payment of losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof, and therefore, the District is not exposed to custodial credit risk for its deposits.

NOTE 3 INTERFUND RECEIVABLE AND PAYABLE

The District recorded a receivable to the General Fund from the Capital Projects Fund of \$24,884 to repay the General Fund for amounts paid in conjunction with the construction and equipping of Station 4.

NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 5 LINE OF CREDIT

The District has an agreement with a local financial institution for a \$1,500,000 revolving line of credit. The proceeds of this line of credit can be used only for working capital and soft costs associated with the design or the new addition to the existing stations, and for other lawful purpose, as may be duly approved by the District's Board of Commissioners.

The line of credit has a current maturity of August 21, 2021. Interest is charged on a floating basis at 79% of the prime rate as quoted in the Wall Street Journal. There is no collateral associated with this line of credit. In connection with this agreement, the District is required to maintain its principal transaction account at the financial institution.

During the year ended September 30, 2020, the District borrowed and repaid \$-0- under this line of credit.

NOTE 6 LONG-TERM LIABILITIES

The following is a summary of changes in the District's long-term liabilities for the year ended September 30, 2020:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Capital Leases	\$ 3,052,869	\$ -	\$ 167,835	\$ 2,885,034	\$ 173,881
Compensated Absences	562,343	312,037	307,276	567,104	96,304
Total	<u>\$ 3,615,212</u>	<u>\$ 312,037</u>	<u>\$ 475,111</u>	<u>\$ 3,452,138</u>	<u>\$ 270,185</u>

Long-term debt consisted of the following at September 30, 2020:

\$443,933 Capital Lease Payable to a Financial Institution, Annual Payments of \$51,232, including Interest Payable at 2.82%, due January 15, 2026.	\$ 279,194
\$350,000 Capital Lease Payable to a Financial Institution, Annual Payments of \$49,847, including Interest Payable at 2.94%, due December 18, 2025.	270,085
\$2,502,500 Capital Lease Payable to a Financial Institution, Annual Payments of \$188,733, including Interest Payable at 4.28%, due March 6, 2038.	2,335,755
Accrued Compensated Absences	567,104
Subtotal	3,452,138
Less: Amount Expected to be Paid in One Year	(270,185)
Long-Term Debt Payable After One Year	\$ 3,181,953

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 7 PROPERTY TAXES (CONTINUED)

- November 1 ♦ Property taxes due and payable (levy date) with various discount provisions through March 1
- April 1 ♦ Taxes become delinquent
- Prior to June 1 ♦ Tax certificates sold by Lee County

The Board of Commissioners of the District levied ad valorem taxes at a millage rate of \$3.75 per \$1,000 (3.75 mils) of the 2020 net taxable value of real property located within the District.

NOTE 8 DEFINED BENEFIT PENSION PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's pension expense totaled \$1,011,105 for both the FRS Pension Plan and HIS Plan for the fiscal year ended September 30, 2020.

	<u>FRS Plan</u>	<u>HIS Plan</u>	<u>Total</u>
Net Pension Liability	\$ 5,894,311	\$ 718,557	\$ 6,612,868
Deferred Outflows of Resources			
Related to Pensions	2,078,815	179,353	2,258,168
Deferred Inflows of Resources			
Related to Pensions	73,196	70,554	143,750
Pension Expense	1,298,498	59,137	1,357,635

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62, or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to four years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings.

NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Benefits Provided (Continued)

The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service:</u>	<u>Percent Value</u>
Regular Class Members Initially Enrolled before July 1, 2011	
Retirement up to Age 62 or up to 30 Years of Service	1.60 %
Retirement up to Age 63 or up to 31 Years of Service	1.63
Retirement up to Age 64 or up to 32 Years of Service	1.65
Retirement up to Age 65 or up to 33 Years of Service	1.68
Regular Class Members Initially Enrolled on or After July 1, 2011	
Retirement up to Age 65 or up to 33 Years of Service	1.60
Retirement up to Age 66 or up to 34 Years of Service	1.63
Retirement up to Age 67 or up to 35 Years of Service	1.65
Retirement up to Age 68 or up to 36 Years of Service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00
Special Risk Regular	
Service from December 1, 1970, through September 30, 1974	2.00
Service On and After October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement. In 2017, Senate Bill 7022 made several changes to FRS. The bill provides for renewed membership in the investment plan to reemployed defined contribution plan retirees, as well as, In-Line-of Duty Death Benefits.

Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Effective July 1, 2011, all FRS Plan members (except those in DROP) are required to make 3% employee contributions on a pretax basis. The contribution rates attributable to the District, effective July 1, 2019, were applied to employee salaries as follows: regular employees 6.75%, senior management 23.69%, special risk 23.76%, and DROP participants 12.94%. The District's contributions to the FRS Plan were \$470,305 for the year ended September 30, 2020.

NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Pension Costs

At September 30, 2020, the District reported a liability of \$5,894,311 for its proportionate share of the FRS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District's proportion of the net pension liability was based on the District's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2019, through June 30, 2020, relative to the total employer contributions received from all of FRS's participating employers. At June 30, 2020, the District's proportion was .01360%, which was an increase of 0.00097% from its proportion measured as of June 30, 2019.

For the year ended September 30, 2020, the District recognized pension expense of \$1,298,498 for its proportionate share of FRS's pension expense. In addition, the District reported its proportionate share of FRS's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 225,582	\$ -
Changes in Actuarial Assumptions	1,067,035	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	350,955	-
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	321,983	73,196
District Contributions Subsequent to the Measurement Date	113,260	-
Total	<u>\$ 2,078,815</u>	<u>\$ 73,196</u>

\$113,260 reported as deferred outflows of resources related to pensions resulting from District contributions to the FRS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase (decrease) in pension expense as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2021	\$ 399,144
2022	575,067
2023	492,384
2024	322,016
2025	103,748

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Actuarial Assumptions

The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40% per year
Salary Increases	3.25%, Average, Including Inflation
Investment Rate of Return	6.80%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation, as outlined in the FRS Plan's investment policy and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0 %	2.2 %	2.2 %	1.2 %
Fixed Income	19.0 %	3.0 %	2.9 %	3.5 %
Global Equity	54.2 %	8.0 %	6.7 %	17.1 %
Real Estate (Property)	10.3 %	6.4 %	5.8 %	11.7 %
Private Equity	11.1 %	10.8 %	8.1 %	25.7 %
Strategic Investments	4.4 %	5.5 %	5.3 %	6.9 %
Totals	100.0 %			
Assumed Inflation - Mean			2.4 %	1.7 %

NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.80% for the FRS Plan. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for the FRS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase
FRS Plan Discount Rate	5.80 %	6.80 %	7.80 %
District's Proportionate Share of the FRS Plan Net Pension Liability	\$ 9,412,022	\$ 5,894,311	\$ 2,956,071

Pension Plan Fiduciary Net Position

Detailed information about the FRS Plan's fiduciary's net position is available in a separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website at <http://www.dms.myflorida.com>.

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2020, the contribution rate was 1.66% of payroll pursuant to section 112.363, Florida Statutes. The District contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The District's contributions to the HIS Plan were \$35,855 for the year ended September 30, 2020.

Pension Costs

At September 30, 2020, the District reported a liability of \$718,557 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The District's proportion of the net pension liability was based on the District's contributions received during the measurement period for employer payroll paid dates from July 1, 2019, through June 30, 2020, relative to the total employer contributions received from all participating employers. At June 30, 2020, the District's proportion was 0.00589%, which was an increase of 0.00026% from its proportion measured as of June 30, 2019.

For the year ended September 30, 2020, the District recognized pension expense of \$59,137 for its proportionate share of HIS's pension expense. In addition, the District reported its proportionate share of HIS's deferred outflows of resources and deferred inflows of resources from the following sources:

Changes in Actuarial Assumptions	77,265	41,781
Net Difference Between Projected and Actual Earnings on HIS Program Investments	574	-
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	63,121	28,219
District Contributions Subsequent to the Measurement Date	9,000	-
Total	<u>\$ 179,353</u>	<u>\$ 70,554</u>

\$9,000 reported as deferred outflows of resources related to pensions resulting from District contributions to the FRS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase (decrease) in pension expense as follows:

<u>Year Ending September 30,</u>	<u>Amount</u>
2021	\$ 17,402
2022	19,453
2023	8,673
2024	17,443
2025	21,037
Thereafter	15,791

Actuarial Assumptions

The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40% per year
Salary Increases	3.25%, Average, Including Inflation
Municipal Bond Rate	2.21%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB. The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 2.21% for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for the HIS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease	Current Discount Rate	1% Increase
HIS Plan Discount Rate	1.21 %	2.21 %	3.21 %
District's Proportionate Share of the HIS Plan Net Pension Liability	\$ 830,620	\$ 718,557	\$ 626,834

Pension Plan Fiduciary Net Position

Detailed information about the HIS Plan's fiduciary's net position is available in a separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website at <http://www.dms.myflorida.com>.

NOTE 9 DEFINED CONTRIBUTION PLANS

Florida Retirement System Pension Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 9 DEFINED CONTRIBUTION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Special Risk Class, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2019-20 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class. The percentages are the same as those listed previously to the FRS Plan.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover-vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$45,105 for the year ended September 30, 2020.

**MATLACHA/PINE ISLAND FIRE CONTROL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2020**

NOTE 9 DEFINED CONTRIBUTION PLANS (CONTINUED)

New York Life Pension Plan

The District had for numerous years offered pension benefits for all full-time employees through a defined contribution plan with New York Life. Beginning in the fiscal year ended September 30, 2002, the District provided the Florida Retirement System as a benefit option to all employees. Each employee was allowed to choose to remain with the existing defined contribution plan with New York Life or to transfer to the Florida Retirement System. All new employees after this date are required to participate in the Florida Retirement System. The District amends the provisions of its defined contribution plan with the New York Life to mirror the periodic changes for the high-risk employees provided by the Florida Retirement System.

The New York Life Plan (the Plan) is a single-employer plan. Employees are eligible to participate if they have reached 18 years of age and have completed one year of service upon the anniversary date of the Plan. Contributions are made to the Plan based upon eligible compensation. The contribution rate mirrors the Florida Retirement System contribution rates. Each participant becomes 100% vested immediately upon participation in the Plan.

Contributions to the Plan for the fiscal years ended September 30, 2020 were \$102,562. The number of participants with vested benefits at September 30, 2020 was four. All eligible employees are required to contribute 3% of their salary to this pension Plan.

The Plan provides for a variety of participant directed investments in mutual funds, all of which are administered by New York Life Insurance and Annuity Corporation.

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description and Funding Policy

The District provides postemployment health care benefits in accordance with Section 112.0801, *Florida Statutes*, to all eligible employees who retire from the District. Retirees are to pay their full premium for the plan. This is a benefit to retirees because the cost to the District of health insurance for retirees exceeds the full premium. Employees will subsidize the cost of retirees under the group coverage. This benefit is available to employees with 25 years of service or age 55 with 6 years of service. There are currently two retirees eligible for this benefit. Expenditures for postemployment health care benefits are recognized as premiums are paid.

No trust or agency has been established for the plan.

The plan does not issue a separate financial report.

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

Methods and Assumptions

The total OPEB liability in the October 1, 2019 actuarial valuation was determined using the following actuarial assumptions.

Actuarial cost method	Entry Age Normal level percent of pay
Discount rate	2.75% (20-year GO bond index)
Healthcare cost trend rate	4.70% for FY2020, gradually decreasing over several decades to an ultimate rate of 4.00% in FY2075 and later years.
	In addition, the medical trend rates above were increased to reflect the projected effect of the Affordable Care Act's Excise Tax on high-cost health insurance plans. The additional trend rate adjustments vary by year, but average 2.2% beginning calendar year 2022 for plans other than Medicare Supplement plans.
Inflation rate	2.50%

The following are changes in assumptions and inputs that have been made since the previous valuation date:

The discount rate was changed from 3.83% to 2.75% based on updated 20-year municipal bond rates.

Healthcare trend rates were reset to reflect updated cost increase expectations, including an adjustment to reflect the impact of the Affordable Care Act's Excise Tax on high-cost health insurance plans.

OPEB Liability Discount Rate Sensitivity

The following presents the District's total OPEB liability, as well as what the District's total OPEB liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

<u>Description</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
OPEB Plan Discount Rate	1.75%	2.75%	3.75%
Total OPEB Liability	\$ 218,742	\$ 192,237	\$ 169,019

NOTE 11 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the District carries commercial insurance.

The District participates in workers' compensation insurance program with Preferred Governmental Insurance Trust (PGIT). The District pays an annual premium for this insurance program. Participation in this risk pool is nonassessable. There were no significant reductions in insurance coverage as compared to the prior year. Settled claims have not exceeded insurance coverage in any of the past three fiscal years. The District transfers the risk of loss to PGIT with limits of liability of \$1,000,000 per accident or disease for workers' compensation.

The District purchased commercial insurance for general/professional liability, automobile and rescue vehicle, and property. The District retains the risk of loss up to a deductible amount (ranging from \$-0- to \$1,000) with the risk of loss in excess of this amount transferred to the pool with limits of liability of either guaranteed replacement value or between \$1,000,000 to \$5,000,000, per occurrence, for general/professional liability, automobile, and property. There were no significant reductions in insurance coverage as compared to the prior year. Settlement claims have not exceeded insurance coverage in any of the past three years.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Matlacha/Pine Island Fire Control District
Bokeelia, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Matlacha/Pine Island Fire Control District (the District), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Commissioners
Matlacha/Pine Island Fire Control District
Bokeelia, Florida

Report on the Financial Statements

We have audited the financial statements of the Matlacha/Pine Island Fire Control District (the District), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 23, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 23, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The District discloses this information in Note 1 to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Financial Condition and Management (Continued)

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management’s responsibility to monitor the District’s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)(2), Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. The District does not have any special district component units.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Dear Sir:

Please be advised that this serves as written response regarding any findings or recommendations contained in the Internal Control and Management Letters included in the audit of financial statements dated September 30, 2020.

The District has worked diligently throughout the year and is pleased that prior year findings were corrected and that there were no findings in either the Internal Control or Management letters during the current year audit of the financial statements dated September 30, 2020.

With regard to the Management Letter, this serves as written statement of explanation pursuant to the rules of the Auditor General Section 10.557(1). The District is pleased that no findings were noted in the current year.

The District appreciates the thorough review of internal controls and management comments provided by CliftonLarsonAllen LLP during the audit of the fiscal year 2020 financial statements. The District will continue to work conscientiously in order that there will be no future management comments.

Respectfully submitted,

Benjamin Mickuleit
Fire Chief

INDEPENDENT ACCOUNTANTS' REPORT

Board of Commissioners
Matlacha/Pine Island Fire Control District
Bokeelia, Florida

We have examined Matlacha/Pine Island Fire Control District's (the District) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds, during the year ended September 30, 2020. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2020.

This report is intended solely for the information and use of the District and the Auditor General, state of Florida and is not intended to be, and should not be, used by anyone other than these specified parties.
